

Y-12er's Son's Dream Comes True With Entrance Into Air Force Academy Class Of 1964; Receives Congratulations From CAP

Larry Mason Planning Life Career In USAF

June 27, 1960, was a memorable day for C. W. Mason (Bill) of Research and Mrs. Mason. Larry, their youngest son, entered the Class of 1964 at the United States Air Force Academy near Colorado Springs. Larry's appointment to the Academy was a dream come true not only for him, his parents, and his sister, Wanda Livesey of the Machine Department, Mechanical Operations, but for his Oak Ridge Civil Air Patrol friends, particularly Maj. Lonnie A. Slover also of Research Services.

An appointment to the Air Force Academy was Larry's aim from the time it was founded in 1955, and he made his "goal" on May 18 when he received notification that he had been selected as one of the 720 candidates for the Class of 1964.

To Major In Electronics

Larry has always been interested in planes and flying and plans a career in the Air Force following graduation at the academy. He plans to major in electronics, to try for the varsity football team, and the cadet choir will be second choice for extra-curricular activities.

Although Larry Mason's mind had been made up about seeking nomination for an appointment to the academy, he was a bit uncertain as how to apply. This was soon clarified following a lunch-hour conversation between his father and

CONGRATULATED ON THE EVE OF HIS DEPARTURE TO ENTER the United States Air Force Academy last month is Larry Mason, second from right, receiving best luck wishes from Maj. Lonnie A. Slover, of the Oak Ridge Civil Air Patrol organization, right, a Y-12er in Research Services. Larry Mason's parents, C. W. Mason, also of Research Services, and Mrs. Mason, are at left.

Flabbergasted, Flustered And Framed Up Editor Honored For 15th Y-12 Anniversary

Flabbergasted, flustered — and thoroughly framed! That was the position the editor of The Bulletin found himself late last Thursday afternoon. To properly relate the occasion, it will be necessary for the principal character to revert to some little first person writing—the first time he has availed himself

of this privilege since taking over the helm of the publication more than 15 years ago.

That 15 years' business was the cause of it all—a "surprise party"—and what a surprise it was to His Editorship.

Chief Concoctors Charged

Chief concoctors of the plot were Jim Campbell, my boss; and Bob Cantrell, Recreation Supervisor who occupies the big goldfish bowl across the hall from the editor's little goldfish bowl. Bullet Bob started the works by asking for a list of reporters—for what purpose he would not divulge.

The editor remained curious—but not too inquisitive because he had other fish to fry—also duties of getting out the paper.

Then came Thunderous Thursday—and at 4:30 p.m. Rapid Robert stuck his head in the door, saying: "Jim Campbell wants to see us."

Neatest Kidnaping On Record

Shortly afterward came the neatest bit of kidnaping ever perpetrated in Y-12 history. Bundled bodily into an automobile, the three hied to the Cafeteria, to be eyed by George J. McNamee, known to many as The McNamoose.

The party was ushered into the dining doom—and before the befuddled editor knew what was cook-

HONORING ADMISSION OF HAWAII AS THE 50th STATE in the union, effective July 4, Y-12 Plant Superintendent John P. Murray, right, and Industrial Relations Superintendent George W. Flack prepare to raise a new United States flag to the top of the pole at the East Portal.

OLD GLORY IS ATTACHED TO THE HALYARD TO RAISE IT TO THE TOP OF THE POLE and Superintendent Murray starts raising the flag up—and up. That's not a messed up photograph at far right, showing the Y-12 Superintendent on the other side of the pole from which he started—a gust of brisk breeze had swept the flag around the pole and the change was necessary to clear the colors.

SAFETY SCOREBOARD

The Y-12 Plant Has Operated
213 Days Or
7,015,000 Man Hours
(Unofficial Estimate)
Without A Disabling Injury

Credit Union Sets Mid-Year Dividend

Hope To Encourage Fewer Withdrawals

Directors of the Y-12 Employees Federal Credit Union last Thursday night voted to declare the first mid-year dividend issued by the organization since its formation 10 years ago. The directors voted a two and one-half per cent dividend on all shares held by Credit Union members on June 30.

Back in January at the annual membership meeting of the Credit Union a dividend of five per cent was declared for shareholders for 1959.

The dividend declared last week will be credited to the share holdings of members in accordance with the usual Credit Union procedure.

The objective of the first mid-year dividend, according to members of the board, is to encourage the Credit Union membership not to withdraw their share funds but to allow them to remain and draw interest. The Credit Union also voted a five per cent dividend for 1958.

SNT Chapter Elects Three Y-12ers To Office For Year

Three Y-12ers in the Technical Division were elected to office for the coming year by the Oak Ridge Chapter of the Society For Nondestructive Testing. The meeting was held June 28 at the Ridge Recreation Hall.

Y-12ers elected were V. C. Jackson, vice chairman; and W. D. Ross and P. J. Long as members of the board of directors. All are in the Physical Testing Department. Other officers named were Tom Gilliland, Tennessee Eastman Corp., chairman; Roy A. Nance, Oak Ridge National Laboratory Metallurgy Division, secretary-treasurer; Joe Burch, Oak Ridge Gaseous Diffusion Plant Industrial Relations Division; and R. W. McClung, ORNL Metallurgy Division, members of the board.

AIChE To Hold Seminars In Oak Ridge July 13, 20

The Knoxville-Oak Ridge Chapter of the American Institute of Chemical Engineers will hold summer seminars for chemical engineers Wednesdays, July 13 and 20, in the Oak Ridge Institute of Nuclear Studies Training Building, at 8 p.m. Donald A. Gardiner, of Oak Ridge National Laboratory's Statistical Section, will conduct the two meetings on the "Application of Statistical Methods to the Design and Analysis of Experiments." All interested persons are invited to attend either or both seminars.

ORGDP's Kaseta Named 3-Plant UF Coordinator

Four-County Choice Again Offered Employees In Fall Fund Drive

Vince M. Kaseta, of the Oak Ridge Gaseous Diffusion Plant General Finance and Materials Division, has been named three-plant coordinator for the United Fund Drive for 1960.

Cash Or Deduction

Again this year Carbide employees in each of the three plants will be asked to contribute to the United Fund Drive either by cash or by payroll deductions, and will again be given the choice of four counties—Anderson, Knox, Morgan, and Roane—to which they wish their money to go.

Vince M. Kaseta

Kaseta, who has lived in Oak Ridge for the past eight years, received a B.S. degree in Business Administration at the University of Tennessee, where he was a member of the Volunteer football squad.

Originally from Massachusetts, Kaseta is married to the former Marie McNulty, of Milton, Mass. They have three children, Michael, age 6, Steven, 5, and Maureen, 4. They live at 117 Bermuda Rd. in Oak Ridge.

Mitchel Held Post Last Year

George W. Mitchel, of the Y-12's Superintendent Division, was last year's coordinator for the UCNC United Fund-Community Chest-Red Cross Drive, which raised a total of \$92,910 for distributions in the four counties. Of this amount Y-12ers generously contributed \$30,673 through cash donations and payroll deductions.

The drive for 1960 is scheduled to get underway in the early fall. It will start for the three plants, Y-12, Oak Ridge Gaseous Diffusion Plant, and Oak Ridge National Laboratory, at that time.

DR. CHRIST HONORED

Dr. Roy H. Christ, director of the Union Carbide Research Institute, was awarded an honorary degree of doctor of science at Dickinson College commencement exercises held in June at Carlisle, Pa. He received the degree on the 40th anniversary of his graduation from the college. He was cited for his teaching and research.

Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12 employees who will complete 15 and 10 years of Company Service within the next few days:

15 YEARS

Clifford L. Steppe, Electrical, July 13.

10 YEARS

Paul G. Grubb, Buildings and Grounds, July 13.

Hoyt J. Nelson, Beryllium Fabrication, July 14.

Joseph R. Bearden, Jr., Electrical, July 17.

Paul Overton, Research Services, July 18.

Concord Park To Be Site Of B Shift Picnic Party

Concord Park will be the site of a picnic and outing by Y-12ers on the B Shift on Thursday, July 28, it has been announced by Ray Ellis, Alpha Four, chairman of the B Shift recreation committee. Activities will begin at 10 a.m. and the program includes free swimming in the Concord pool for youngsters attending the shindig, tree watermelon, cantaloupe, ice cream and soft drinks for all guests. Each family is requested to bring their own picnic lunches, to be served family style.

Drawings for prizes will be made hourly and the awards include a croquet set, badminton set, barbecue grill, horseshoe pitching set and an electric battery lamp. All youngsters also will receive awards.

The Prop. & Gen. Mgr. of this here now section is taking off on a well-deserved (who said dat?) period of rest to last one week. If his spouse seeks to discover more spring cleanup jobs around the premises, the aforesaid Colyum Conductor may reply "have auto, will amble" and take off for a few days for to see old pals in Nashville. Otherwise, perhaps an extended session of bunk fatigue. In other words he hasn't the slightest idea of what the program will be.

Meanwhile, back in Goldfish Bowl No. 1 (the habitat of headquarters of The Bulletin) a brand new standin is able and willing to serve one and all and sundry customers, clients, correspondents and contributors. He is Jim Young, recently acquired from his former lofty perch up on The Hill with the Laboratory Operations Department and fully capable of carrying on the toils of the trade.

So—on the eve of that aforesaid brief vacation—here's the chat-chit of goings on around the place as of last Friday—

TECHNICAL

News from Special Projects, via Jeri Kobisk, starts out somberly, but picks up as it goes along . . . First, the department is concerned over the youngster of Jim Dodson, hospitalized with a nasty mastoid infection several days ago, then thought recovering, only to have a relapse and to acquire an attack of tonsillitis — everyone is sending rapid recovery wishes . . . If any group is hunting a talented and personable toastmaster, the SPs highly recommended Don Woodbridge, who so ably presided at a presentation ceremony for the department's recent bridegroom (see Larry Rinderer wedding notice in next week's paper. Seems as how Don is just crammed up with such bon mots as unfinished stories and other oratorical trends that keeps an audience spellbound . . . Then there is Kay Sideris' mishap when one of her spiked heels collapsed, temporarily grounding her until the resourceful Kay obtained one safety shoe to replace the damaged footwear while it was being repaired. Her antics while navigating around on the mismatched pedal gear provided quite a few chuckles for observers.

Physical Testing reports C. J. Hickey is lolling around his Lenoir City home while vacationing.

Special Testing sounds off that L. D. Brown and folks are fluttering around Florida . . . C. B. Burnette and spouse sauntered up to Virginia Beach . . . Anna Smith is visiting kin folks in Dayton, Tenn. Wayne Groppe is just staying at home in Oak Ridge.

Production Analysis has Ray Kuhn enjoying tropical nights on a Caribbean cruise with stops at such well-known places as Port au Prince, Kingston, Jamaica, that is, and other exotic spots . . . Daisy Ward and her hubby, Ray, visited his parents in Paragould, Ark., over the Fourth of July holiday . . . Thelma Cole exploded her fireworks over in Sparta, Tenn. . . Stay-at-home vacationers are Lucian Peters in Oak Ridge and Wanda Anderson at Clinton.

Radiation Safety reveals that M. B. "Eddie" Edwards is visiting his folks in North Carolina this week . . . Fred Welfare and family are taking in Myrtle Beach, S.C.

ENGINEERING

Mechanical Engineering has come up with a new pastime — Spelunking. Participants during the past week end were Roy Huddleston, Ray Tiller and Jim Bozyk and their site of operations was a cave near Crossville . . . Eleanor Bennett and son, Randy, were visitors in Gate City and Abingdon, Va., taking in the Barter Theater show at the latter city . . . Russ

Hensley is back from a restful vacation at home . . . Ray Tiller is whizzing around in a new little red wagon . . . Now Nora Moss is a decided blonde, decided last week — it is nice, real nice . . . Romeo Green has been holding up the departmental presenteeism record despite an infected leg . . . Leon Scaf says business partnership can be downright expensive when one's partner pays off his golfing bets with hamburgers and root beer.

MECHANICAL OPERATIONS

After reading all those barnside signs "See Rock City," W. V. Kanipe, Rolling and Forming, decided to see what it was all about so is going to spend part of his vacation on Lookout Mountain, Chattanooga, to explore such attractions as the Fat Man's Squeeze, Elf's Cave, Lover's Leap and Swinging Bridge . . . L. G. Cotter took off in the other direction, driving to Ohio, Michigan, Niagara Falls, Washington, D.C., and the beautiful Shenandoah Valley in the Blue Ridge Mountains of Virginia—sounds restful . . . None of that ramblin' 'round for N. White—he's a stay-at-homer.

Beta Four Heavy Machine Shoppers are scattered far and wide on their vacation jaunts . . . B. D. Duncan cavorted to Cincinnati . . . E. F. Gibson took in points in North Carolina and thence to Washington, D. C. . . J. L. Lenderman is visiting his brother in South Carolina . . . Kin folks in Baltimore are being visited by L. N. Moncier . . . C. F. Peterson went to West Virginia . . . E. V. Hawk and T. L. Wheeler are flying around Florida . . . A. J. Redding moseyed to Muskegon, Mich. . . Bourbon St. in Noo Awleens attracted H. J. McClain (don't blame him) . . . W. L. Hunter is hunting up kin folks in Houston, Tex. . . R. H. Turner is watching the peerless Pittsburgh Pirates play ball . . . J. A. Hunt is fishing at Tellico . . . Home vacationers include J. E. Haynes, working on his residence; O. W. Morris, painting house; C. E. Anderson, fishing and loafing; W. H. Rogers, just loafing; W. S. Minge, watching TV; and F. White, trying his hand at running the house while his wife undergoes surgery—so get well wishes go to her . . . Oh yes, J. G. Worley is over at Center Hill for some water skiing and swimming . . . Congratulations to a couple of bridegrooms—they are Charley Brown, married to Carolyn Gann July 9 at East Ridge, Chattanooga; and J. B. Newsome, Beta Four's most eligible bachelor, who went to Florida to tie the knot . . . Condolences are extended to E. J. Roberts, whose sister, Bessie Patterson, died June 29 at Anniston, Ala.

Preparing to ambush that Ol' Man Stork while vacationing at home is Paul Peterson, TW Shops. He and the missus are expecting a Blessed Event momentarily . . . Other plain stay-at-homers are E. E. Grissom, L. Y. Morrow, W. R. Harvey and T. C. Tindell . . . C. M. Rockholt is off for Chicago to see the White Sox play ball—he hopes . . . Rapid recovery wishes go to W. B. Stephens and C. E. Jennings. Z Area is congratulating W. F. Miller, who welcomed daughter Karen Kay, into the family June 17—she weighed seven pounds, seven ounces on arrival . . . Curly O'Dell is vacationing at home in Oak Ridge with some fishing planned on Norris Lake . . . Charley Harness may go to Florida or work on his home at Caryville—quite a decision to make . . . Toy Moore is camping out on the sand dunes at Fernandina, Fla. . . R. L. Coffey also is a Florida vacationer Paul Arrowood probably is playing a lot of golf . . . Welcomed back from vacations are Otis

BEING CROWNED AS "MISS ROANE COUNTY FOR 1960" is Miss Linda White, 18, center, daughter of Spencer White, an outside machinist in the Y-12 Electrical Department, and Mrs. White, Oliver Springs. Miss White is being crowned by Miss Ann White (no relation) who was last year's Miss Roane County, left; and Miss Mickey Wayland, of Knoxville, right, Miss Tennessee for 1959. Linda White will go to Jackson, Tenn., later this month to compete in the Miss Tennessee of 1960 pageant.

JUST IN TIME for his vacation this week, Marvin West, Mail Room, won this snazzy 17-foot cabin cruiserette and 35 horsepower outboard on July 4. The award was presented by the 119th A. C. & W. Flight of the Tennessee Air National Guard in behalf of its Knox and Blount County Orphans' Christmas Fund.

Chambers from the mountains and Bill Schnatter from Kentucky.

General Machine Shoppers last week rolled out their red rug of welcome to newcomers H. D. Foster, Carolyn King, Jane Wright, Jack Conn, G. H. Shields, G. O. Ratcliff, C. C. Edwards, A. Craze and T. I. Reasor . . . Get well wishes are rushed to R. E. Gibson and C. C. Beeler . . . Also to the daughter of K. A. Schumaker, released from hospitalization after traffic wreck injuries . . . Bert Tyree is entertaining a brother, Forest Tyree, from Hawaii . . . C. C. Chamberlain is taking off for a couple of weeks to fish on Norris and Douglas Lakes . . . R. E. Ferguson is in Daytona Beach . . . L. D. Burchfield is staying at home in Maryville . . . G. D. Butters has bought him a tent and going camping . . . Hiking and camping will occupy O. K. Sergeant's vacation time . . . W. A. Ruthford is the newest member of the Proud Grandpops' Club—a son was born June 27 to Mrs. Sandra Elkins, daughter of the Y-12er, at Oak Ridge Hospital . . . The youngster weighed eight pounds, five and one-half ounces and has been named Jimmy Ray Klkins.

SHIFT SUPERINTENDENTS AND UTILITIES

The old PSS himself, Dan'l H. Rader, Jr., and family attended a swimming meet over in Memphis in which his sons were contestants . . . The George Kirtland family is visiting relatives in Tallahassee, Fla. . . Get well wishes go to Mrs. D. P. Anderson, who recently was on the sick list.

Utilities warmly welcomed Mary Jane Huffman who will be with the group for a few weeks . . . Vacationers include W. Sweeten, visiting kin folks in Newport, Tenn. . . W. A. Eubanks is on a two-week trip to visit his son in Seattle, Wash. . . R. B. Amos is away for three weeks—spending his first week camping out around Norris and the other two in Louisville, Ky., recuperating—and it is

Continued on Page 4

Get well wishes go to the following Y-12 employees who were patients last week in Oak Ridge Hospital or who had been admitted to Knoxville hospitals:

OAK RIDGE

Cordia M. Bledsoe, Medical; O. C. Axley, Earl Bailey and V. A. Stanley, Research Services; T. L. Boshers, Stores; A. T. VanDyke, Alpha Four; W. H. Martin, Material Control; R. J. Hardy, Production Inspection.

UNIVERSITY

Luberda Campbell, Janitors; Joe Mitchell, Mechanical.

Wiley Porter Ingle, Jr., Funeral Held On July 3

Fellow employees of the late Wiley Porter Ingle, Jr., 46, who died at University Hospital, Knoxville, on Thursday, June 30, extend their deepest sympathy to survivors of the former Y-12er. Mr. Ingle was a welder in the General Machine Shop and had been off ill for six weeks before his death, attributed to a heart attack. A former Oak Ridge resident, he had lived at 5221 Wallpine Lane, Knoxville, for the past two years.

Funeral services were held Sunday, July 3, at the Rose chapel, Knoxville, with the Rev. George W. Day officiating. Interment was in Lynnhurst cemetery. Pallbearers were Charles Hickey, Odell Lloyd and W. L. Scruggs, all of the General Machine Shop; and Herman T. Creager, John Kerr and Fred Napp.

Survivors include his widow, Mrs. Ruth Talley Ingle; daughter, Miss Christine Ingle, both of Knoxville; father, Wiley Porter Ingle, Sr., New Market, Tenn.; and brothers, Francis, New Market; and Ray, West Virginia.

Mr. Ingle came to work in Y-12 on June 23, 1953.

BUSHONG NAMED DIRECTOR

R. Merrill Bushong has been appointed director of the National Carbon Company's advanced materials project. The project was formed to conduct research and development on graphite and graphite-base materials for high-temperature missile and astronautic applications. Bushong has been with Union Carbide Corporation since 1936 and has been assistant director of development for National Carbon since 1957.

GETTING READY FOR SOME LINKS ACTION at the Oak Ridge Golf and Country Club are Y-12 golfers H. B. Butler, Burkett I. V. Bailey, Paul Trebilcock and E. P. Braden.

Lead In Ridge Golf League For Y-12ers Split Three Ways As Linksmen Come Alive

The Mee-McLendon pair clouded league leaders Gambill-Hamby for a total of six points which made for a three-way tie for first place last week in the Oak Ridge Golf League for Y-12ers. Smith-Bartholomew took the Emlet-Hines team for four points, and Brown and Roberts took Thomson-Breman for a white wash six. Thus the Oak Ridge lead is shared by the three combinations: Gambill-Hamby, Smith-Bartholomew, and Brown-Roberts.

Other six-point winners were Boyd-Oliphant over Cloyd-Hackett, Kahley-Everitt over Youngblood-Burkhart, and Belvin-Hopkins over Wallace-Patterson by forfeit. Gregory-Kurtz drew a bye and won six points by staying at home.

Five-point winners were True-Earley over Ratjen-Davis and Bailey-Stout over Underwood-Matthews. Four-points went to Mitchel-Tibbatts over Dehoney-Orrison. Fighting to a draw with three points each were Holzknecht-Peckman and Hill-Hoppe.

League standing follows:

Team	W	L
Gambill-Hamby	51	21
Smith-Bartholomew	51	21
Brown-Roberts	51	21
Hill-Hoppe	48	24
Mee-McLendon	46	26
Boyd-Oliphant	42	30
Belvin-Hopkins	41	31
Underwood-Matthews	40	32
Mitchel-Tibbatts	40	32
Emlet-Hines	39	33
Kahley-Everitt	39	33
Holzknecht-Peckman	38	34
Dehoney-Orrison	37	35
Cloyd-Hackett	34	38
Ratjen-Davis	33	39
Wallace-Patterson	32	40
Thomson-Breman	31	41
Youngblood-Burkhart	28	34
True-Earley	27	45
Gregory-Kurtz	26	46
Bailey-Stout	18	54

25,000 Brown Trout Recently Released

Some 25,000 brown trout fingerlings have just been released in East Tennessee waters according to Price Wilkins, senior biologist for the State Game and Fish Commission. Placement of the fish included 10,000 planted in Chilhowee Dam tailwater near Calderwood and 10,000 stocked in the South Holston Dam tailwater near Bristol. In addition to the tailwater stockings, Wilkins said, Laurel Fork Creek in Carter County received a planting of 3,000 and Camp Creek near Greeneville was stocked with 2,000 of the browns.

Will Rogers once said: "Never under-estimate the stupidity of the American people." He also once said that the American nation was the only people on earth that was going to the poor house in an automobile.

Collins-Watson Threaten Leaders

The Collins-Watson duo in the Lenoir City Golf League for Y-12 and ORNL linksmen blasted out a three and one-half point victory over Thompson-Rogers in loop action for the week of July 4 and climbed to within one-half point of the league lead. The top-spot Bowles-Koontz team slid back by absorbing a three-point loss from Rutherford-Stinnett. The only whitewash win of the week was posted by Ernest Kennedy-Ludlow over Arrowood-Wray, although Cabe-White picked up four points by forfeit from Beckett-Frank Kennedy. Carter-Morrison took three and one-half points from C. Harris-T. Harris, with Spradlin subbing for the latter, and James-Kinkaid broke even at two points each with Spradlin-Knowles.

Larry Koontz and W. Collins tied at 41 each for low scratch score with Rutherford one stroke back. Rutherford's 32 handicap was low with Collins scoring 33.

League standing follows:

Team	W	L
Bowles-Koontz	33 1/2	14 1/2
Collins-Watson	33	15
James-Kinkaid	28	20
Carter-Morrison	28	20
Thompson-Rogers	27 1/2	20 1/2
Beckett-F. Kennedy	26	22
Cabe-White	25 1/2	22 1/2
C. Harris-T. Harris	21 1/2	26 1/2
Arrowood-Wray	21 1/2	26 1/2
Schultz-Day	20 1/2	23 1/2
Rutherford-Stinnett	20	28
Spradlin-Knowles	16 1/2	31 1/2
Ludlow-E. Kennedy	16 1/2	31 1/2
Wright-Simmons	12 1/2	31 1/2

Y-12 Flying Club May Be Formed

Y-12ers interested in forming a flying club soon may have the opportunity of joining such a group for instruction. W. J. Hatcher, of the General Machine Shop, is offering his services to aviation enthusiasts in the plant in such a project. His home telephone number is Clinton 1836.

Hatcher owns a Piper Tri-Pacer four-passenger aircraft, stationed at Island Airport, Knoxville. He has been flying since 1947.

HEALTH POLICIES POPULAR

The Health Insurance Association of America reports that in 1960, 49 per cent of all Americans over 65 years old have some kind of health insurance protection.

Gatlinburg Meet Registration Set Thursday Morning

Fourth Tee Party For Y-12 Golfers Upcoming On July 23

Y-12 golfers will begin registering for starting times for the Gatlinburg tournament, set for Saturday, July 23, at 7:30 o'clock tomorrow morning, Thursday, July 14. The applications will be received at the Y-12 Recreation Office, Bldg. 9704-2, Room 132-A. One member of a foursome may register for the group to obtain the starting times.

The Gatlinburg tournament will be the fourth of the summer season for Y-12ers, previous tournaments having been played at Deane Hill, Oak Ridge and Maryville.

Competition in the Gatlinburg event over the sporty and beautiful mountain course will begin promptly at 7 a.m. and foursomes will tee off at seven-minute intervals thereafter until 10:30 a.m. All entrants are urged to be on hand and ready to start at least 20 minutes before their scheduled starting time. Foursomes not ready to start on time will be moved to the end of the starting list and others moved up.

Many Y-12ers and their families are planning to take advantage of the tournament to spend the week end in the Smokies on Saturday and the following Sunday.

It was reported last week that all of the 15 golf carts previously announced as available for the Y-12 contestants had been reserved. However, some may be available if any cancellations are received.

Fish Population Will Be Studied

The fish population studies made each year on Tennessee's TVA reservoirs are set to get underway July 19, according to Hudson M. Nichols, principal fisheries biologist for the Game and Fish Commission. The studies, a joint project of the TVA and the State Game and Fish Commission, will begin on South Holston Lake in upper East Tennessee. Other area impoundments scheduled for sampling by the study crews include Fort Patrick Henry near Kingsport, Norris Lake and Cherokee Lake.

Mainstream reservoirs where studies will be made are Watts Bar Lake, Hales Bar Lake, Pickwick and Kentucky Lakes. In addition to the Tennessee River lakes, Nichols said that Dale Hollow, Center Hill and Old Hickory lakes will be sampled during the studies.

Data derived from such population studies, Nichols said, enable fisheries biologists to determine and practice the best fishery management techniques.

DESPITE A BROKEN ARM, Anthony Turnbill, 8, son of E. L. Turnbill, Electrical, landed this two-pound largemouth bass without any help.

THIS PRETTY STRING of fish is a mess of fine largemouth bass caught by J. C. Chamblee, Beryllium Fabrication, recently from North Alabama waters.

Sawyer-Hendrix Top Whittles Golf Loop

The Sawyer-Hendrix team maintained their lead in the Whittle Springs Golf League for Y-12ers in the Knoxville area by taking Morgan-Campbell for two and one-half points. Two points each were netted by the teams Loy-Huskisson over Wyrick-Wilburn, and Miller-Burrus over Abele-Cook. Kovach-Marrow whitewashed the Galle-Troutman duo with a gain of three points. McNew-Cunningham took a net gain of two and one half from Norris-Bishop. The Ingle-Ball and brothers Schappel gained three points each via the forfeit route.

Low individual scratch honors went to Loy, Burrus and Hendrix all with 39. Individual handicap scorers were Cook with 32 and Loy with 33.

Team scratch laurels went to Sawyer-Hendrix with 81, and handicap team honors went to Burrus-Miller 68, and Cook-Abele 69.

League standing follows:

Team	W	L
Sawyer-Hendrix	24	3
Loy-Huskisson	20 1/2	6 1/2
Miller-Burrus	19 1/2	7 1/2
Wyrick-Wilburn	18	9
Ingle-Ball	18	9
McNew-Cunningham	16 1/2	10 1/2
Schappel-Schappel	16 1/2	10 1/2
Morgan-Campbell	16	11
Galle-Troutman	15 1/2	11 1/2
Abele-Cook	15	12
Kovach-Marrow	14	13
Norris-Bishop	11 1/2	15 1/2

Forming Of Golf Classes Indicated

The Recreation Department has received several inquiries on the proposed series of golf lessons for Y-12ers and members of their families and indications point to forming of classes both at the Oak Ridge Golf and Country Club and the Deane Hill Country Club. The classes are scheduled to begin on next Tuesday, July 19 at both Oak Ridge and Deane Hill.

The course consists of six lessons with the classes meeting at 5 o'clock on Tuesdays and Thursdays at Oak Ridge and 6 o'clock on the same days at Deane Hill. Y-12ers wanting further information are asked to communicate with the Recreation Department, Room 132-A, Bldg. 9704-2, plant phone 7109.

Party Hunt Bids Now Are Available

Application forms for the Tellico bear and boar party hunts now are available and may be picked up at the Knoxville office of the Game and Fish Commission. All applications for the October and November party hunts must be postmarked no later than August 8, 1960. Drawings for the hunts will be held Saturday August 20, 1960, at Tellico Plains. A total of 24 parties will be drawn for this years party hunts. Party hunt dates are as follows—October 13-14, 17-18, 20-21, 24-25, 27-28, 31-November 1.

Kentucky Wonders Win Slow Pitch First Half Title

ORGDP Team Unbeaten; Fast Pitch Loop Round Not Finished

The Carbide Slow Pitch Softball League ended the first half of its season last week and started action in the final round of play. The Oak Ridge Gaseous Diffusion Plant Kentucky Wonders were first half winners, not losing a game during the schedule.

Red Devils Top Y-12 Team

A playoff game may be needed to determine the second place team in this league. The clash will involve two ORGDP teams, Process Engineers and D Shift. The top Y-12 team in the circuit was the Red Devils, finishing fourth.

Two Y-12 teams wound up the first half in the bloopers loop by being beaten by ORGDP outfits. The Odds 'n Ends trimmed the Red Devils by 23 to 13 and the Process Engineers licked the Eagles by 16 to 13.

The Red Devils started out the second half of the season in good style by turning in a 13 to 4 win over the Y-12 combo from Bldg. 9215. In another all-Y-12 game, Development trounced the Eagles by 19 to 8. The ORGDP D Shifters socked the Process Engineers with a 13 to 11 loss.

The Fast Pitch League saw a flock of forfeits posted as the first half of the season neared an end. The loop-leading Whiz Kids had two decisions handed them on a platter by the Y-12 Fat Boys and ORGDP Shift Three. In the latter game the ORGDP team started play with only seven players and gave up after the third inning when they were behind by seven runs. The Oak Ridge National Laboratory also got a present from the Fat Boys and earlier the Fat Boys in turn received a forfeit from the Y-12 Slow Pokes.

Line scores in the Slow Pitch League follow:

Team	R	H	E
Odds 'n Ends	23	24	5
Red Devils	13	17	5

Batteries: Odds 'n Ends, Tucker and Hoskins. Red Devils, Habermas and Campbell.

Process Engineers 16 19 7
Eagles 13 17 8
Batteries: Process Engineers, Whittlesey and Johnson. Eagles, Miller and Ryder.

Team	R	H	E
Development	19	20	2
Eagles	8	12	5

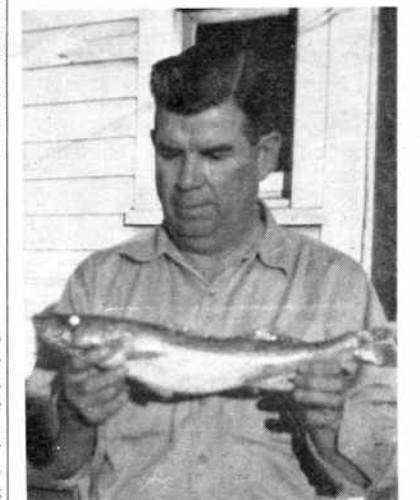

Batteries: Development, Raines and Wigginton. Eagles, Miller and Ryder.

Team	R	H	E
Red Devils	13	16	0
9215ers	4	11	4

Batteries: Red Devils, Habermas and Owenby. 9215ers, Raper and Coates.

Team	R	H	E
D Shift	13	16	2
Process Engineers	11	16	3

Batteries: D Shift, Stewart and McKinney. Process Engineers, Whittlesey and Johnson.

A BOMBER LURE lured this fine sauger pike from its previous home in Douglas Lake with N. H. Wise, Sunflower Shop, being on the other end of the line. The fish is a strong contender in the Y-12 Annual Fishing Contest.

Continued from Page 2

a fine town in which to do just that... The W. S. Everett family spent the Fourth of July holiday visiting relatives in Middle Tennessee.

The Steam Plant says E. J. Garrett was a home vacationer last week... R. E. Ballew is up in Cincinnati this week to see some major loop baseball.

FINANCE AND MATERIALS

Looking forward to a vacation starting July 25 is James Terry, Stores. He already is planning to entertain his daughter and family, Mr. and Mrs. Bill Priddy, from San Pablo, Cal., at his home at 307 West Outer Drive, Oak Ridge. Mrs. Priddy is the former Miss Pauline Terry, a Y-12er in the days of Tennessee Eastman.

A yachting vacation in the trim craft he won on a July 4 outing is Finley West, the addressograph lad in the Mail Room. See picture elsewhere in The Bulletin.

Timekeeping vacationers are Ira Shotts, entertaining relatives from Alabama; and Hugh Rice, visiting kin folks in Virginia.

Get well wishes are extended Dot Park, Plant Records, ill in St. Mary's Hospital, Knoxville.

Engineering Records extends condolences to Robert Mann, whose father died recently... The Proud Pop of the week is Roland Williams, who became father of a bouncing eight-pound, 14-ounce heir July 6. The husky youngster has been named Steven Warren.

CHEMICAL OPERATIONS

Lessons in snaring large specimens of the finny tribe in Norris Lake are to be given by E. P. Bostic, Beta Two, to a visiting brother. They will be vacationing at the Y-12er's home in Lafollette.

Ah, this is the vacation life — B. O. "Hoss" Davis, Colex Operations, plans to just sit under his umbrella tree in his Maryville home back yard and watch his expensive grass grow... W. J. Williams is just resting at home in Wartburg... Chuck Dinkins is doing likewise at home in Powell... L. A. Howard is visiting in Dayton, Ohio... Jack Cooper has rented himself a cabin at Rogers' Boat Dock to enjoy some water sports... The department extends a warm welcome to Wayne Goode, a new co-opper from Cleveland, Tenn.

Chemical's vacationers this week include Milo Ward and his wife, Jackie, of the Shift Superintendents' squadron—plans were not complete at this writing but it is a safe bet the new Ward boat will see a lot of sailing... E. C. Cox is visiting his son in the Air Force in New Mexico... W. R. McClellan and family are flitting around Florida... Back from a vacation down at St. Petersburg are the J. C. Nelson family... Week-end guests of Jo Ann and Ed Isham were her brother and family, Mr. and Mrs. Lee Baker, from Birmingham, Ala.

MAINTENANCE

Mechanical Maintenance is congratulating E. L. Walker, who be-

came the Proud Pop of a seven-pound boy last week... Also to Mary Pickens, now a first-time grandma—a grandson having been born in the family on July 6, weighing eight pounds, 14 ounces... C. H. Noe took the Fourth of July holiday to move into his new home at Karns... The department is missing its Boss Man, C. B. Newman, who has been on the hospital list for some time but hopes to be back in harness soon—so get well wishes are wafted in his direction... Also to Frank Gallagher, who underwent eye surgery recently... Back to vacations—Charley Beckett is in Jacksonville, Fla., to visit a son in the Navy there... Condolences are extended J. R. Carroll and E. Gillespie, both of whom had a brother to die recently.

Electrical sends word that R. W. Coker is vacationing with his family at Morehead Beach, N.C... R. C. Hauther is visiting his son in Marietta, Ga., and then plans to call on some friends in Louisville, Ky.

INDUSTRIAL RELATIONS

Here's one of those "taken at a young age" picture of little Marian

Marian Cooper

Elizabeth Cooper, daughter of Ralph E. Cooper, Fire and Guard Department. She was born June 27, weighing six pounds, nine and one-half ounces... Other news from the Boys in Blue and Gray is that Lieut. E. M. Hunnicutt and family are visiting St. Petersburg, Fla., for a couple of weeks... Guard F. L. Roberts and his folks are vacationing at Myrtle Beach, S.C., and Atlanta for three weeks... Capt. Dave Turner is sampling the pleasures of home... The department was so pleased last week on hearing from Houston, Tex., that Guard L. A. Litton is feeling much better after serious surgery—so get well wishes are rushed out there.

The Cafeteria rolled out some of their best victuals for newcomer William Overby last week.

Nag's Head, N.C., has drawn M. A. Gibbs, Medical, for her vacation.

There won't be any trouble in the Bill Lanter (he's now in Labor Relations after a term in Employment) family in remembering the birthday of their first daughter after a pair of boys. The little lady, weighing six pounds, 14 ounces, arrived amid the firecrackers and sky rocket shooting on the Fourth of July. The fond parents hadn't decided on a name at press time, but were reported pondering on Donna Colleen. Bill is vacationing to take care of his boys, Mark and Stevie.

Joe Riordan, Employment, has been a Florida vacationer and will be replaced on the absent list by Tom Burkett, who plans a "honey do" vacation at his Rockwood home... J. R. Harte, a University of Tennessee graduate and hailing

Y-12er's Son's Dream Realized At Academy

Continued from Page 1

Major Slover, then commander of the Oak Ridge Composite Squadron, Civil Air Patrol, gave the elder Mason brochures from the project academy kit furnished by CAP National Headquarters. It was through these that Larry learned of the different ways to apply and made his application for congressional nomination. Rep. Howard Baker and Sen. Albert Gore each appointed Larry, thus giving him an opportunity to compete with approximately 7,500 other air-minded youths in the United States.

Active In Three Sports

Larry will be remembered as the little tailback that brought fame to the Oak Ridge High School football team. He was chosen All State football player in 1959-60; placed first in the state track meet in 1959 and runner-up in 1960; and was also active in basketball.

Before leaving for the academy, Larry expressed his achievement... "as the most wonderful opportunity one can have and at the academy one has a chance to go a long ways in life because there you can get the best college education."

How To Apply

Applications for nomination for appointment to the Class of 1965 will be accepted by congressmen until January 31, 1961. Any young man at least 17 and not yet 22 years of age, unmarried, citizen of the United States, good moral character and in good physical condition is eligible to apply.

Y-12er Mason or Major Slover will assist any Y-12er's son who is interested in applying for the academy. Mason may be contacted at 500 Pennsylvania Ave. Telephone 5-4736, and Major Slover at 112 South Purdue Ave. Telephone 5-5721, both in Oak Ridge.

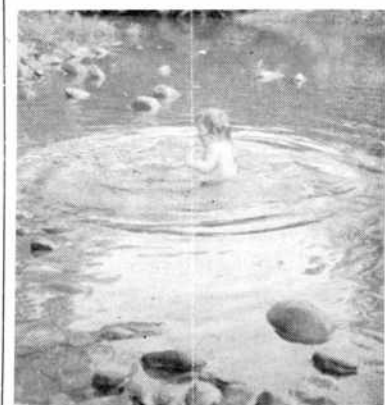

Florida Scientist To Talk At Seminar Meeting Friday

A University of Florida scientist, John Bransbein, will be guest speaker at the seminar session of the Oak Ridge National Laboratory Physics Division on Friday afternoon of this week, July 15. His subject will be announced later. Y-12 scientific and technical personnel are invited to attend these seminars. The meeting will be at 3:15 o'clock in the auditorium of Bldg. 4500, ORNL.

originally from West Virginia, is the latest addition to the Employment staff.

Flash! Word reached the Colyum Friday morning that Nancy Vandergriff, formerly of Security became mother of a seven-pound, seven-ounce daughter on Thursday, July 7, in Baptist Hospital, Knoxville. The Proud Pop is Bob Vandergriff, of the TW Shops. They already have two young sons.

The president of the Thank Goodness It's Friday Club now signs off for a week.

HAVING A SPLASHING GOOD TIME in the waters of White's Creek near Watts Bar Lake is little 21-month-old Denese Curtis. Her Pop is Raymond Curtis, Production Control, who was on vacation when the picture was made.

Y-12's ELBERT LOCKHART, an amateur magician who has entertained several Y-12 gatherings and picnics, recently won honors at a meeting of the International Brotherhood of Magicians. He is shown above entertaining a Y-12 shift picnic audience.

Y-12er Magician Lockhart Finishes Well In Contest

Y-12's man of magic—Elbert Lockhart, of Production Control, has shown that he can hold his own in fast circles of the popular form of entertainment. Lockhart, whose talents not only include tricks of magic and sleight of hand but a ventriloquist act, recently competed against some of the best professionals and amateurs in the nation at a meeting in Indianapolis, Ind., of the International Brotherhood of Magicians.

In the field of some 40 or 50 contestants, Lockhart finished first in a group presenting comedy and originality in their magic act. In the entire competition including all phases of that type of entertainment the Y-12er took third place.

Although professionals and amateurs compete on even terms at the IBM meeting, professionals are not allowed to use their regular stage acts in contesting against the amateurs.

C Shift Planning Picnic July 21 At Big Ridge Park

C Shift Y-12ers are planning a picnic for themselves and members of their families to be held on Thursday, July 21, at Big Ridge State Park. Activities will begin at 10 a.m. and lunch will be spread at 1 p.m. Each family is asked to bring their own lunches, which will be served family style. Free soft drinks will be served and no charge will be made for the affair. A door prize of a deep fryer will be presented to some woman guest through a drawing and a man guest will be presented an ice cream freezer. Six prizes will be presented youngsters attending the affair.

\$100 Annual Food Budget Is Proposed

Trust a university-trained economist to come up with this one. He explains how one can eat all year on a \$100 food budget.

George Stigler, a Columbia University economist, says an adult American can stay healthy on such a budget. His annual diet would include 370 pounds of wheat flour, 57 pounds of evaporated milk, 111 pounds of cabbage, 25 pounds of spinach and 285 pounds of Navy beans.

It is doubtful that even relief roll folks would take him up on such a proposal.

NO CANCER CURE FOUND

Beware of "secret recipes" for curing cancer, the American Cancer Society warns. Drugs are used to ease pain and prolong life, but no compound has yet been found to cure the disease. Surgery and radiation are still the only means of saving life from cancer.

Don't try to grab the right of way—drive the right way.

Editor Of Bulletin Given 'Surprise Party'

Continued from Page 1

ing, a parade of nearly 25 reporters, former reporters and friends of The Bulletin and its Prop. & Gen. Mgr. broke down the restraining bars and blasted into the place, singing "Happy Anniversary."

Not until then did the editor have an inkling of what it was all about.

The gang was honoring the 15th employment anniversary of the object of their serenading—which had occurred on July 3.

Thank goodness — no speeches were called for—or made and after as enjoyable a few minutes as ever were spent by the honoree—everybody trickled out homeward bound. That is—all except the editor—who returned to his trusty Underwood.

Now for a bit of that first person writing.

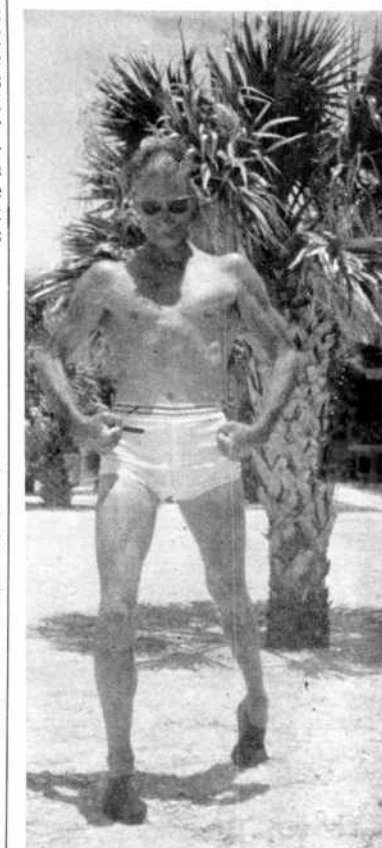

To every one of the gracious folks who used their own time to remain after working hours just to give the honoree the most pleasant surprise of his life—I just want to say that you all are the nicest people on the top of the earth. To each and everyone present—and to those invited but who could not attend—go my heartfelt thanks and loving appreciation.

Among those gracing the festive board were Jo White, Kathleen Milligan, Jo Ann Isham, Marilyn Barnhill, Helen Claffey, Jeri Kobisk, Mabel Tyler, Eleanor Bennett, Joette Rule, Barbara Littleton, Lettie Ault, Esther Moody, Elizabeth and Clarence Johnson, Loyd Sheffield, Frank Fuis, Ken Merrill, Harlan Wright and the "plotters" Campbell and Cantrell.

Pentagon Seeking To Discourage Mice

Anyone for inventions? Such as a better mouse trap—or at least for a better mouse discourager.

There's still a market for such gadgets. The United States Defense Department is seeking "an efficient chemical repellent or physical barrier to protect material from rodent damage." That's one of some 320 inventions the Pentagon would like to see developed to help man's military progress in the space age.

"SAME OLD STORY" wrote R. C. Pruden on the reverse side of this picture sent back from the "Land Of The Sheltering Palms" to buddies in the Y-12 Mechanical Maintenance Department. The picture was sent from Nokomis, on the Gulf Coast below Sarasota.
